Indoors or out,
decorative wire
mesh is a perfect
choice for any home
decor, craft, and
renovation project.

What is a metal mesh curtain?

Metal mesh curtain is a new type of metal curtain for modern interior decoration. It is also called metal coil drapery or chain mesh curtains. It is produced by special weaving machine by a pre-coiled spiral wire, the wire's length is the curtain's height. Widely used in the construction and decoration industry.

What are the materials of metal mesh curtains?

The company offers three different wire materials:
 Stainless steel: 201, 202, 304, 316, 321, 410, 430
 Copper: brass, pure copper, phosphor bronze
 Aluminum & aluminum alloy: 1050, 1060, 1100, 5052, 5056

According to the different needs of customers, you can choose different materials.

What are the advantages of metal mesh curtains?

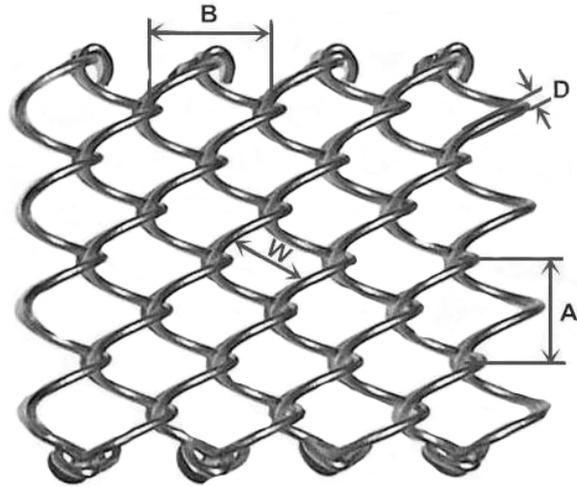

- Light diffusion and good ventilation.
- UV resistant and flame resistant.
- Beautiful appearance and various colors.
- Versatility and decorative effects.
- Aesthetic appeal and functionality.
- Finishes are beautiful and resilient.
- Color never fading and paint never dropping.
- Gorgeous and high-end.
- Durability and flexibility.
